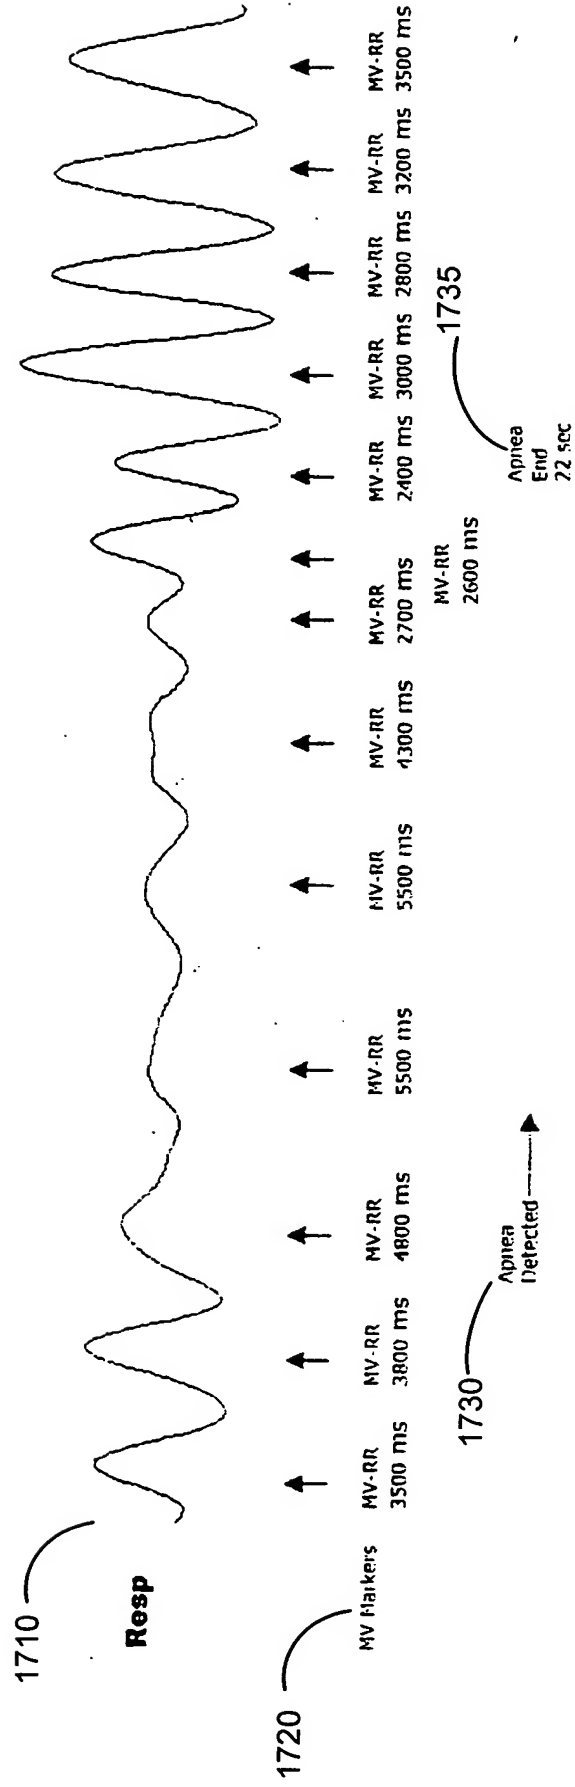

Figure 17A

This image shows a vertical strip of a document page, likely from a historical manuscript. The text is written in a dense, cursive script, which is characteristic of certain historical writing systems. The ink is dark, and the paper appears aged. The text is arranged in a single column, running vertically down the page. The handwriting is very close together, making it difficult to read. The strip is oriented vertically, showing a portion of the original document's layout.
